Bernard Middleton has a wealth of expertise he brings to NREUV. He has led efforts in construction management and residential/commercial design for over \$400 million in total project costs. Mr. Middleton also led the efforts in obtaining the public approvals for the affirmative action plan approved for Mayfair Mansions and also manages the design and construction issues for Skyland Town Center.

Prior to joining NREUV, Mr. Middleton was an architect by trade, and worked for major companies in the region including Devroux and Purnell, Centocor Inc, and Booz – Allen & Hamilton.

Mr. Middleton has worked with major architectural firms and brings extensive knowledge from his architecture and business background to NREUV's projects.
